STILE B200S

Gooseneck Microphone Universal Base with On-Off Button

STILE B200S is a universal base for gooseneck microphones designed for positioning on tables or desks. It weighs 410g (14.46oz.) and assures high stability even in case of accidental bumps against the microphone.
The base is equipped with an **On/Off switch** with green light. It features 2x 1.5V AA type batteries (not included) to power any condenser or back-electret capsules with 3V Phantom Power. It also accepts any external **Phantom power up to 48V** coming from the output audio cable.

PRODUCT DETAILS
