Vendor's Declaration on Registration, Evaluation and Authorisation of Chemicals (REACH) Regulation 1907/2006/EC

Substances of Very High Concern

ECHA's first candidate list of SCHC's was published on 28th October 2008 (see below link for the latest list). To legally comply with REACH, under Article 33, we require all suppliers to provide information on the use of these substances within finished products. This product is considered as an article defined in REACH Article 3 (3.). These products / articles under normal and reasonable conditions of use do not have intended relase of sustances. Therefore the requirement in REACH Article 7 (1) (b) for registration of substances contained in these products/articles does not apply.
