

TCP WHITE TUBULAR HEATER 1FT

The TCP 60W Tubular Heater is a compact, energy-efficient way to provide steady background heat in small or enclosed spaces. With a built-in thermostat and higher wattage than many similar models, it helps prevent damp and condensation in areas like sheds, greenhouses, and airing cupboards. Its plug-and-play design ensures easy installation and safe, quiet operation for continuous low-level warmth.

Adjustable Thermostat

Temp Settings 0° - 40°

IP44

60W

Helps Reduce Damp & Condensation

Product Specifications

Iternal thermostat allowing for manual temperature control	
Temperature control range 0°C to 40°C	
Can withstand voltage of 2000V	
Vertically or horizontally mounted	
Dimensions	W 364 x D 51 x H 51 MM
Power	60 W
Voltage / Frequency	220-240 V / 50/60Hz
Colour	White
Area coverage	15-20 M²
Weight	0.9 KG
IP rating	IP44

Cable length	Wired product
Product code	TCPWHTUBULARHEAT60W
Barcode	8720039604728
