USB Cat5e Extenders

45 Metre USB1.1 Cat5e Extender

This USB booster allows you to connect a USB device to your computer at a distance of up to 45 metres with the use of a Cat5e patch cable (not included). It is bus powered so there is no need for external power. This booster allows you to connect your USB camera, printer, webcam, and mouse or keyboard exactly where you need to, without having to move your desktop around.
