Product Description

Strong security for your peace of mind Effortlessly protect your family's precious photos, important documents and emails, plus your phone and computer with easy-to-use tools and features in Microsoft 365 that help safeguard your digital lives. Make daily tasks easier Keep up with your day, every day with AI-powered features in Microsoft 365. Seamlessly tackle your to-dos and easily track family budgets, projects and calendars. Use your phone, laptop or tablet to make and share plans, get organised and stay on top - no matter where the day takes you. Unlock your creativity Discover new skills and do more than you can dream of with AI-powered features in Microsoft 365. Edit family photos and videos like a pro, turn simple ideas into stunning designs fast and overcome writer's block with confidence and ease. Powerful productivity apps with Microsoft Copilot Redefine what's possible with Microsoft Copilot alongside you in Word, Excel, PowerPoint and OneNote. Collaborate in real time, work offline and get design, writing and speaking suggestions in each app. Up to 6 TB of cloud storage (1 TB per person) Each person you share the subscription with gets 1 TB (1,000 GB) of secure storage for their photos, files, videos, emails and more. And everyone can easily manage their storage at any time, on any device. Online protection for the whole family Easily keep your family's phones, computers and privacy safer online with Microsoft Defender. Stay one step ahead of hackers and scammers with continuous device scanning for viruses, malicious apps and ransomware. Secure photo and file storage Each person can securely save their photos and files in their own personal OneDrive with built-in ransomware detection and file recovery. They can easily access files across devices and protect what's most important in a Personal Vault folder secured with two-step identity verification. Design and edit with AI Create, design and edit where and when you need it with Microsoft Designer and the power of generative AI. Make eye-catching images using only your words, craft next-level designs that pop and even edit photos like an expert. Video editor with premium filters and effects Create and edit beautiful videos with ease using Clipchamp's robust tools, intuitive controls, templates and an extensive stock library. Ad-free, secure email with Copilot Everyone can easily manage their own email accounts and calendars in Outlook with built-in security tools that keep their information

protected. Subscription owners can use Copilot to draft emails and summarise longer threads. All-day video calling Join group calls and talk for up to 30 hours with up to 300 people with Microsoft Teams. Quickly create forms and polls Use Copilot in Forms to generate and rewrite polls and surveys. Easily create and refine your questions, improve response options and get a detailed analysis of results. Access (PC only) Easily create and manage databases for projects, large or small. Applications are always up to date With a Microsoft 365 Family subscription, you get new features and updates as soon as they are released, so you can keep working with the latest and the greatest. Microsoft support We've got your back with Microsoft 365 and Windows 11 technical support readily available to assist whenever you and your family need help.
