1 MFR-EJ1 1KG Heavy Duty Stainless Steel Scale

1kg x 0.1g

2 MFR-EJ3 3KG Heavy Duty Stainless Steel Scale

3kg x 0.1g

Full Calibration Services
See Page 6

These compact Stainless Steel weighing scales have a rugged Stainless Steel construction throughout. They are hard-wearing and can stand up to the stresses and strains of harsh working environments. Adjustable feet make it easy to obtain a level weighing surface with a 143mm x 148mm stainless steel weighing pan.

These scales are designed for easy use, offering 4 simple function buttons. Each scale offers a selection of measurement units with units, stable, zero and low battery function indicators. The automatic backlight and automatic power off can be enabled or disabled by the user.

- Rugged Stainless Steel construction with adjustable feet
- Large 15mm LCD display with function indicators
- Splash-proof membrane keypad
- Measurement unit selection (g, lb, lb:oz, dwt)
- Tare facility over the full range which can be actioned several times throughout a weighing cycle
- Zero tracking ensures stable and repeatable readings
- Stability indicator
- Check Weighing to a set weight as +/- value
- Auto backlight (user selectable)
- Auto power off (user selectable)
- Low battery indicator
- Optional mains power using AC/DC Mains power adaptor (**PW-100**)

Supplied with: 4x AA Batteries
Accessories: AC/DC Mains Power Adaptor **(PW-100)**

3 MFR-EJ5 5KG Heavy Duty Stainless Steel Scale

5kg x 1g
