Coax/UTP Cable Stripper

MPN: 45-605

A versatile & easy to use cable prep tool. The PrepPRO is the prep tool of choice for compression, crimp, and twist on connector cable stripping. The new notched blade design strips RG-59 through RG-6 Quad Shield including all plenum versions. The UTP/STP cartridge strips CAT5e & CAT6 twisted pair jackets without damaging the internal conductors.

Features:

- Auto-adjusting blade depth for 6/6Quad/59 coax cable
- ¼”x ¼” coax preparation
- Replaceable blade cartridges
- Cat5e/6 jacket stripping
- Spring loaded for consistent cutting force
