The CHERRY GENTIX BT mouse is based on the GENTIX mouse, which has proven itself in practice millions of times over, and adds a convenient Bluetooth® function with multi-device capability. Data is transmitted via a secure AES-128 encryption. You can effortlessly connect it to various end devices, for example a PC, laptop, tablet, smartphone or even a smart TV by pressing the Bluetooth® button on the bottom of the wireless mouse. The mouse works with Windows, Android, macOS, iPadOS and Chrome OS.
The switchable, highly precise optical sensor offers enough precision and speed with 1000 / 2000 dpi to make every user – even those with very high requirements – happy. You can change conveniently between the four preset resolutions using the practical DPI switch. The scroll wheel with its blue illumination is not only a visual eye-catcher, but also gives you information about the selected resolution level and the battery status.
You can navigate back and forth in your browser at lightning speed with the two additional thumb buttons of the wireless computer mouse. The free CHERRY KEYS software is available for the individual assignment of the mouse buttons.
The rubberized side panels are unchanged from the proven GENTIX mice. They provide a firm grip and feel pleasant in your hand. The shape tapers towards the back meaning that the mouse has perfect ergonomics - for both small and large hands.
Fans of wireless freedom can look forward to a battery life of up to one year (depending on usage). Simply store the CHERRY GENTIX BT is the included pouch for transport. The wireless mouse is ready to use in a flash and requires no additional software.

FUNCTION AND PERFORMANCE

- → High-precision optical sensor
- → Two-level adjustable resolution (1,000/2,000 dpi)
- → Multi-device function for up to three end devices
- → Perfect ergonomics for small and large hands
- → 7 buttons and a scroll wheel
- → Fits snugly in the hand
- → Rubber-coated side sections for optimal grip
- → Transmission via encrypted Bluetooth® 5.0 (AES-128)
- → Transport pouch included

TECHNICAL DATA

Weight main product:	95 g
Dimensions product without packaging:	112 mm x 70 mm x 35 mm
Storage temperature:	-20 °C - 60 °C
Working temperature:	0 °C - 40 °C
Max. Current consumption (mA) Mouse:	5 mA
Produktzulassungen:	• China RoHS • CE • UKCA • BQB • FCC • SRRC
System Requirements-Hardware:	Bluetooth 4.0 or higher
Operating system:	Windows 10 or higher
