

TCP WHITE TUBULAR HEATER 2FT

The TCP 120W Tubular Heater provides efficient, low-level heat for medium-sized or enclosed spaces like sheds, garages, and greenhouses. With a built-in thermostat, higher wattage output, and plug-and-play design, it delivers reliable warmth while helping prevent damp and condensation. Safe, silent, and energy-efficient, it's an ideal year-round heating solution for outbuildings and utility areas.

Adjustable Thermostat

Temp Settings 0° - 40°

IP44

120W

Helps Reduce Damp & Condensation

Product Specifications

Iternal thermostat allowing for manual temperature control	
Temperature control range 0°C to 40°C	
Can withstand voltage of 2000V	
Vertically or horizontally mounted	
Dimensions	W 667 x D 51 x H 51 MM
Power	120 W
Voltage / Frequency	220-240 V / 50/60Hz
Colour	White
Area coverage	15-20 M²
Weight	1.55 KG
IP rating	IP44

Cable length	Wired product
Product code	TCPWHTUBULARHEAT120W
Barcode	8720039604735
