About

The Accuratus 395V2 keyboard is a **mini layout keyboard** but in an extra slim - minimalist casing, ideal for requirements where size is key. **Manufactured from 100% recycled plastics**, this keyboard helps reduce plastic waste, lower carbon emissions, and conserve natural resources. By repurposing discarded materials, it prevents waste from ending up in landfills and oceans, contributing to a more sustainable, circular economy.

The 395 has a modern designed square keycap which are slimline and have a soft touch and tactile feel, setting you up for hours of comfortable typing. With a frame around each key the keycaps cannot easily be pulled off, especially useful for schools or in the retail EPOS environment. The 395V2 also offers clear easy read silk + UV coated key legends, meaning the letters will always remain fresh throughout the life of the keyboard.The 395V2 is finished in white and also available in black, giving a clean, fresh and modern feel to any home, office or computer environment.
