Digital Soldering Station

RoHS Compliant

Description

This 150W multi-functional soldering station is an 5-in-1 soldering solution that combines power, precision, and convenience. It handle hole, solder wire holder, cleaning sponge, steel wool ball, and soldering iron stand, creating an organized and efficient workspace for professionals and hobbyists alike, providing a convenient and efficient workspace. And it with rapid heating, a wide temperature range, auto standby/sleep mode, and temperature calibration, it caters to professionals and hobbyists alike.

Features

- Powerful 150W output ensures fast heating and rapid solder melting, improving work efficiency.
- Adjustable temperature settings to suit various soldering applications, from delicate electronic repairs to high-power industrial soldering.
- Built-in temperature calibration function allows fine-tuning for accurate soldering temperatures, ensuring precision in sensitive electronic work.
- 5-in-1 integrated design,providing a convenient and efficient workspace.
- Auto Standby & Sleep Mode for Safety & Energy Efficiency.
- LCD Display for real-time temperature monitoring and easy

Specifications

Power	: 150w
Input voltage	: 230VAC
Temperature range	: 100°C - 500°C / 212°F - 93 2°F
Net weight	: 516g

Part Number Table

Description	Part Number
Digital Soldering station, 150W, EU	MP741137 EU
Digital Soldering station, 150W, UK	MP741137 UK
Helping Hands, 30mm	MP015523
Brass Wool, 5g	MP015524
Tip Cleaning Sponge, 55mm × 28mm × 5mm	MP015525
