20 Port USB C fast charger, suitable for charging up to 20 devices at the same time. Providing up to 2.1A (12 Watts) per port across all of the 20 ports simultaneously. Recommended for schools, offices and other environments where multiple type-c devices are used, this unit is perfect for for charging battery-intensive devices like the iPad®, iPod®, iPhone® and Android® tablets and smartphones. LED indicators signal the ports in use and change colour once the device is charged.

Please note that this unit is not suitable for data transfer. If you require a higher power unit please use our part TGR-16P-USB-C-PD which can provide an even faster charge rate at up to 30 Watts per port (480W rated) and is also suitable for data sync.

The durable steel housing mounts in 1U of an EIA-standard 19-inch rack using the mounting bracket and be fixed in the 1U cabinet.
