Novopro Laptop Tray 2

Universal laptop / accessories shelf for larger laptops or other equipment.

Twin clamp system, suitable for mounting the Novopro Laptop Tray 2 onto vertical tube that has a diameter of 15mm to 50mm.

Cantilever main support arm that enables fully adjustable tray positioning.

The tray has a selectable tilt adjustment with a secure bolt locking system.

Flip-up metal bracket at the front of the tray to prevent your laptop or equipment from sliding forwards. Supplied with self-adhesive foam backed pads to protect the pole it is mounted onto.

'V' shaped clamp mounting system with foam pad covered screw bolts to attach to an upright pole.
Tray size: 442mm wide x 345mm deep.
Net Weight: 3.5 Kgs
